

DOR Education

This month, we received a gift from the Diocese of Rumbek (DOR) Education Office. They donated a wheelchair to one of our disabled pupils in the primary school. This is part of our programme to support children with disabilities who are denied a right to education. He was delighted to receive it, because coming to school will not be difficult anymore. Thanks to the DOR Education Office for their support. Their continued cooperation with Loreto Rumbek gives opportunities to these children to pursue their education.

Teacher Training with SSS

In the month of July, we said our goodbyes to two primary teachers who have gone to Solidarity with South Sudan (SSS), Teacher Training College in Yambio. The two trainee teachers had worked in our primary school for three years. We are happy for the hard work and commitment they showed. We are especially thankful to them for all the effort they have put in, working with other teachers to ensure their pupils get the best education. We wish them well and will be glad to receive them as qualified teachers in the future.

Weeding

Having been blessed with rain, our farm is now thriving. Our main crops, groundnuts and maize, have grown a great deal. We have started weeding in the garden and we are preparing for harvesting in a month's time. We were relieved when good rains finally arrived in July. We will soon harvest our crops. We will be happy to have enough food in our store in few months, so as to reduce the hunger within our communities. In the meantime, we would ask you to join us as we continue to pray for more rain showers.

A Special Thank You to all of the donors , advocates, and supporters of the Loreto Programs in Rumbek.

Without your hard work or support none of this would be possible.
